alexander stubb a participant in the 1996 97 and 2000 intergovernmental

conferences analyzes the evolution of flexible integration from the early 1970s to the present day and beyond he focuses in the process of negotiations which led to the institutionalisation of flexibility in the amsterdam and nice treaties this book provides a valuable insider s view on historical decisionmaking in the european union

this report hcp 1212 session 2007 08 isbn 9780215525437 contains conclusions on two cases referred to the committee on standards and privileges by other committees of the house the first case involved the unauthorised disclosure of two papers prepared for the european scrutiny committee by its legal adviser on the mandate for the inter governmental conference which led to the lisbon treaty and appeared in an article in the daily telegraph on 26 june 2007 the second involved the unauthorised disclosure of parts of a draft report prepared for the home affairs committee on the government s counter terrorism proposals which appeared in the financial times on 5 december 2007 the standards committee accepts the view that the disclosure of such internal committee papers constituted a substantial interference in their work

this book in addition of being remarkable academic reading contributes on the highest scholarly level to the furthering of our understanding of performance of the eu institutions which is essential for practitioners and researchers in the midst of the institutional crisis dominik vuleti croatian international relations review an impressively detailed introduction to the institutions and committees that form the core frameworks of eu activities including the eu parliament the european central bank and the effects of eu membership expansion the institutions of the enlarged european union is very strongly recommended as an addition to governmental and university library international studies reference collections in general and european union studies supplemental reading lists in particular midwest book review the international studies shelf this excellent book in the series of studies on eu reform and enlargement is not as dry as it first appears the contributors outline the key changes as well as patterns of continuity in the institutional policies of the eu and their research which i feel will be highly beneficial to lawyers economists and politicians i found the book to be invaluable for postgraduate and advanced undergraduate students of eu politics and administrative science as well as researchers practitioners and journalists working in the fields of european studies more widely phillip taylor the barrister this timely comprehensive and authoritative study provides much food for thought for european policy makers particularly in the current situation of uncertainty about the lisbon treaty the authors basically upbeat findings that despite the arrival of twelve new member states in one big bang and one after shock it has been pretty much business as usual for the eu s institutions will comfort both those who worried about the eu s capacity to act in the absence of institutional reform and those who argued that such reform was unnecessary but the editors identify a number of emerging dynamics that will be of concern to all who care about the union s democratic future increasing formalisation of meetings and procedures on the one hand coupled with an increase in informal pre cooked deals on the other increasing primacy of the administrative over the political and a growing trend towards presidentialisation within the institutions with continued efficiency requiring more emphasis on the primus than on the pares the editors conclude that while the european union s institutional system continues to function and might even become more efficient the price to be paid could further distance

the union from the citizens it seeks to serve martin westlake secretary general european economic and social committee brussels belgium this volume reports a thorough appraisal of how the eu institutions have fared since the 2004 enlargement in essence the answer is more of the same with no evidence of gridlock business has been conducted in similar ways and at similar levels of output helped by procedural adaptation the new member states have slotted into the existing routines of the union helen wallace european institute london school of economics and political science uk how have the main institutions and decision making processes of the eu responded to the arrival of new member states this book assesses the actual state of the eu institutions in the years after the 2004 enlargement examining each of the main institutional actors as well as trends in legislative output implementing measures and non legislative approaches the contributors outline the key changes as well as patterns of continuity in the institutional politics of the eu the analysis finds that breakdown has been avoided by a combination of assimilation of the new member states and adaptation of the system without any fundamental transformation of the institutions nonetheless they conclude that it

decision making within the eu has moved to a third regional level of government emerging in the eu policy process alongside the first union and second member state levels multi level governance can increasingly be identified these papers describe and analyse this third level
